Honor,

Today I received a legal call from Corey Shooch and wanting to know if I had received the mail he sent to me telling me why they need the things he is asking for that makes it relevant for his case. I told him that I received two letters from him that were completely the same with the date on the letter and the listings of the Docket sheet you ordered him to send me. The first letter was sent April 16<sup>th</sup> 2020 with the letter inside dated April 8<sup>th</sup> 2020 and docket sheet. The received date on that letter was April 21<sup>st</sup> 2020. The second letter sent to me was certified and received on 5/12/2020 with no other letters or packets sent with it saying or explaining anything. I told Mr. Shooch that I wasn't giving him anything else that he was asking for. I gave what I thought was relevant to use and you gave him 60 days to get what he needed and now that I didn't have paperwork he supposedly sent to me, he now want to adjourn the case more and I told him that I didn't want it adjourned, that I gave him everything I thought he would need that would be from the date of arrest to the dismissal 3/4/19. Anything else before or after those matters are irrelevant to there case.

Please Honor, I ask to move forward with case from here.

Thank you and respectfully submitted.
